

Using your book, labs, tests, and internet complete the following midterm assignment by 6/26/2022 at 11:55PM

This Midterm assignment is worth 2 Hands-On Test grades. The assignment is to refresh/re-develop the website found at <https://ranken.edu/current-students/student-services-resources/book-store/> - You have creative liberty to update look and feel or add relevant content to the re-developed site. Bootstrap templates are allowed but not required.

1. The new website must be developed utilizing Bootstrap 5 - 10pts
  - a. Submit your finished site in your GitHub repository under a new folder /tests/midterm/ - 5pts
  - b. Your LIVE web portfolio must include an active link to your midterm site under the project section/page. -5pts
  
2. All content from the live site must be transferred over to the re-developed version and some content updated.
  - a. These pages should be kept separate, and content maintained – 5pts each
  - b. Include <header>, <nav>, <section>, <main>, <footer> tags – 5pts
  - c. index.html, apparel.html, accessories.html, rankengear.html – 5 pts each
  - d. Add a navigation bar, make sure it links all of your pages back and forth -5pts
  - e. Implement a jumbotron at the top of your page – 5pts
  - f. Implement a Google Font – 5pts
  - g. Add either Font Awesome or Bootstrap icon(s) to the site -5pts
  - h. Give all the pages/sections of the site a cohesive look – 5pts
  
3. Your site must be ready to “Go Live”
  - a. No placeholder content – 10pts
  - b. No typos or misspellings – 5pts
  - c. When live on a web server nothing breaks – 10pts
